NOTES
General: Cast: - The Show that was a potential for this coming Tuesday 6/25 is a GO! Your Call will be the same as all 7:30pm shows. - Lift Call can <u>only</u> be done when a stage manager is present. This is a safety concern. If a stage manager is not present you must wait until one is there. <i>Todd – At the end of the show when you go to hug Marvin, you have been doing so from behind. Please do not throw yourself on him from behind. Gently hug him underneath his arms and around his waist. Thank you!</i>
Music:
Scenic: Scene Change into “Something Bad” – Try to do it as quickly and smooth as possible and if you get caught in the light, that is what the polos are for Scene Change into “Second Racquetball” – Do not forget to strike the side table Scene Change into “What More Can I Say” – There must be at least 2 people to get the bed on stage
Lighting: Cues to look at tomorrow: LQ120 – Charlotte is supposed to be dim while the focus is on Mendel and Trina DSL I believe and the lights stayed up on Charlotte CS tonight LQ112 – Does this exist?
Sound: Make sure to skip over all of the racquetball sounds before the Bar Mitzvah Scene
Costumes: We cannot wash the “March of the Falsettos Shirts” everyday because the letters are starting to come off
Props: We will be getting more cheese and crackers to change them for every show
Management: Don't forget to unplug the blue lights at the end of the night!
